Dalam bidang pertanian dapat dikategorikan pertanian produktif dengan komoditas pertanian utamanya adalah singkong (ubi kayu), jagung, cabai, daun bawang, uncang, seledri. Kemudian untuk potensi kerajinannya adalah anyaman bambu dan cetung. Selain itu di Desa Rimpak terdapat potensi SDM yang siap untuk berwusaha.	Masalah pada bidang pendidikan, di Desa Rimpak taraf pendidikannya relatif rendah, berdasarkan bukti administrasi rata-rata sekolah dasar saja. Tetapi setelah dipastikan di lapangan ternyata rata-rata tingkat hulusan adalah sekolah menengah pertama. Kebanyakan pemuda lebih memilih menjadi buruh di luar kota. Kemudian untuk masalah perekonomian, di Desa Rimpak hanya masyarakat petani hanya sebatas melakukan penjualan bahan hasil pertanian kepada tengkulak saja dan belum bisa mengolahnya yang dapat menjadi nilai tambah terlebih lagi ketika harga hasil pertanian murah. Lanjut untuk masalah sosial, di Desa Rimpak banyak anak-anak usia sekolah di Desa Rimpak yang selain memilih menjadi buruh di kota besar banyak juga remaja yang menikah pada usia sekolah.	Intervensi di PKBM Cahaya Ilmu Rimpak diantaranya: pelatihan kue gumpur, uji sop pengolahan, pembinaan perhitungan hpp, dan pengenalan sosial media. Bentuk intervensi dengan PKK Desa Rimpak adalah pelatihan pembuatan kue pukis tiap rt dan pembinaan kesehatan reproduksi. Intervensi di desa lain: pembinaan PKK Remaja Desa Stukatan dan Desa Pagerio, Genbest Talkshow Stunting, pembahasan perencanaan pembuatan website UMKM Desa Stukatan dengan KKN Desa Stukatan. Menyalurkan produk Desa Stukatan dalam Expo Festival Sentra, serta observasi dengan membuat konten UMKM Buket dan Konveksi di Desa Mojosari. Pendampingan dengan tim yaitu big projects motivasi lanjut Bowongso dan selanjutnya akan dilaksanakan di Desa Stukatan.	Jumlah (21) Walida, Sabur, Nasirra, Aji Parang, Arie, Didik, Warham Slamet, Hamim, Wiyun, Rudi Syukur, Liliis Dungean, Liliis Rangkuk, Lasmini, Dewi, Parsiah, Riyad, Tunai, Nursyah, Dami, Wanni, Rahma, Siti Lutfiah, dan Samni.	Jumlah (9) Cahaya Ilmu Rimpak, PKK Desa Rimpak, PKK Remaja R Lakstia, Pagerio, KKN UGM, SD N 1 Bowongso, SD N 2 Stukatan, Shuket_id, dan Agus Konveksi	Hasil pendampingan yang sudah kami lakukan adalah pelatihan pengolahan kue gumpur, desain logo produk kue gumpur, serta pejualan yang sampai saat ini sudah mencapai 26,5 kg. Aku juga mengadakan uji SOP Pengolahan Kue Gumpur dan perhitungan HPP agar pemuda bisa mengikuti perhitungan harga bahan baku yang kadang naik turun. Pendampingan lainnya adalah kegiatan pelatihan pembuatan kue pukis dan stunting keluarga sehat dengan ibu-ibu PKK Desa Rimpak. Big project di SD N 1 Bowongso tema motivasi lanjut belajar. Kemudian pembinaan PKK Remaja Desa Stukatan dan Desa Pagerio. Ada juga Genbest Talkshow Stunting, pembahasan perencanaan pembuatan website UMKM Desa Stukatan dengan KKN Desa Stukatan. Menyalurkan produk Desa Stukatan dalam Expo Festival Sentra, serta observasi dengan membuat konten UMKM Buket dan Konveksi di Desa Mojosari.	Kendala yang dihadapi dalam kegiatan pelatihan pembuatan kue gumpur adalah bahan baku cukup susah didapatkan dan harga bahan baku di desa untuk pembuatan kue gumpur relatif lebih mahal dibandingkan dengan harga di pasaran. Kemudian keterbatasan alat pembuatan kue yang digunakan kendala yang dihadapi dari kegiatan pelatihan desain menggunakan canva adalah keterbatasan alat pendukung desain dan jaringan internet yang susah. Selain dari permasalahan di atas, diperlukan sosial media sebagai bentuk fisik toko online dari media sebagai bentuk kendala yang dihadapi keterbatasan penyajian konten.	Tindak lanjut yang akan dilakukan agar bisa didapatkan pendampingan yang maksimal adalah dengan perhitungan HPP, dengan perhitungan media dengan pendampingan dengan sosial media dan penyajian konten kegiatan masih juga dengan PKK disertai pembinaan ibu PKK di setiap pelatihan pengolahan, serta kegiatan pendampingan motivasi lanjut pendidikan. Di bulan Juli juga aku berkesempatan mengikuti kegiatan Genbest Talkshow Stunting di Hotel Daffam yang juga dihadiri oleh Forum Genre Womosofo. Kegiatan ini memiliki feedback untuk kegiatan intervensi pencegahan stunting baik itu di Desa Stukatan ataupun Pagerio. Tindak lanjut lainnya adalah pembahasan perlombaan pembiasaan media PKK penamaan media polybag dengan Ibu Kades Rimpak. Kemudian aku dengan KKN UGM Desa Stukatan sudah dilakukan koordinasi kaitannya pembuatan website UMKM desa, dan nantinya masih juga ada beberapa tindak lanjut kaitannya dengan kegiatan big projects di sekolah-sekolah penempatan PKKP.	Progres yang baik. Karena program selesai di bulan September. Pasukan semua program kerja terlaksana ya.
